Standing Committee Report - Finance

Mr. Castello advised that the Commissioners had received what he believes is the final copy of the budget for viewing. He proceeded to say that there is only one change from the previous budget which is an adjustment in salary due to a new law which is taking effective December 1, 2016 for the overtime employees.

Motion by Mr. Castello, second by Mrs. Meyers to approve the 2017 budget as provided.

Mr. Calabria advised that he was under the impression that \$200,000 was going to be included in the 2017 budget for the Berkwood project.

Mr. Castello stated that Mr. Calabria can make a motion to have that item added if he has a second.

Mr. Calabria said that he would like to include \$200,000 in the budget for the Berkwood project for the next 5 years.

Mrs. Altman responded when this project first came up it was estimated at \$1,380,000 and this was done in November 2014, so it has been awhile. She proceeded to ask if the board would re-address this in hopes that something can be done. Putting \$200,000 in the budget for the next 5 years would get to 1 million, however the board has no idea what this cost would be today let alone 5 years down the road, and then at that point, another board is being held to this project.

Mr. Castello mentioned that the board also needs to know what the property owner is looking to do with the property at Berkwood Drive. If the property owner isn't willing to sell the house then the board can distribute that money elsewhere. Mr. Castello asked Mr. Lennon if the project would solve the issue with Berkwood Drive.

Mr. Lennon said to the point that Mrs. Altman just raised, if there is a high rain, there is going to be flooding issues at the property. The \$1,300,000 dollar design is not going to stand up to an extreme storm.

Mr. Jason stated that what Mrs. Altman is saying isn't to just shut down the project it's just that the board doesn't know of the final outcome of the project. The unknown problem with this property is once; the water is down to where it needs to be to stop the flooding, where does it goes after that?

Mr. Calabria advised that he doesn't want the Berkwood property to be lost. He proceeded to state that every property on 'the list' was addressed other than Berkwood.

Mr. Castello said that he disagrees. The resolution to addressing the Berkwood property was to buy it out right.

Mr. Calabria advised that it wasn't even discussed 'back in the day'. The board didn't talk about buying it out right.

Pat Martin
Center St.

Mrs. Martin requested an update on the trees along Carothers Avenue. She advised that during the meeting of September 2016 when she asked about the trees, Mr. Lubin had told her that the trees would be in within 3 days from then. However, the minutes reflect that Mr. Lubin had advised her that the contractor was not able to plant the trees until fall.

Mrs. Fitzgerald said that Mr. Lubin also stated that the contractor would not be able to plant the trees into the fall season.

Mr. Wells stated that the October minutes reflected that the contractor had to wait until a frost.

Mrs. Martin said that it was during the September meeting that Mr. Lubin advised it would be three days for those trees to be planted. Mrs. Martin mentioned that Mrs. Fitzgerald was not there during that meeting. Mrs. Martin asked why the statement of '3 days' was removed from the minutes of September.

Mr. Jason asked if the trees were there.

Mrs. Martin responded with 'No'. The trees are still dead. She proceeded to state that the paper advises to have trees planted mid August when it is still warm outside and the ground is still moist. The township has had frost and snow since then and the trees are still not planted.

Mrs. Meyers said that the public works employees trimmed the trees.

Mrs. Martin stated that whoever trimmed the trees they chopped dead trees. Mrs. Martin asked when Liberoni is going to plant the trees.

Mrs. Fitzgerald advised that she would have to check with Mr. Lubin.

Mr. Wells stated that the township shouldn't give Liberoni the money until the trees are planted.

Mrs. Fitzgerald advised that she agrees with that statement.

Mr. Wells stated that the township has been requesting these trees for a year and a half now.

Commissioners Requests

Mr. Castello – Gave a reminder of the Scott Township tree lighting ceremony on December 1, 2016 at 6:30pm. Mr. Castello also wished everyone a happy and safe Thanksgiving.

Mr. Jason – Will not be able to attend the tree lighting ceremony.

Mrs. Altman – Asked Chief Secreet about the fund raising event at DeBlasio's for Officer Bashium.

Chief Secreet responded that the fundraiser collected \$17,000.00.

Mrs. Altman then Thanked everyone who helped.

Mr. Calabria – The bump in the road on Kane Boulevard still has not been repaired. He is worried that once the trucks start to snow plow they may cause damage to the trucks and the road if that bump is not fixed by then.
