Public Comments on all Agenda Items Listed Below

Robert Fox
1318 Cardinal Drive

Fox advised that he would like to host a benefit walk at Scott Park for friends of his whose daughter passed from Mitochondrial Disease. They are residents of Bridgeville however, the park at Bridgeville is not large enough to have a benefit walk.

Jodi and Adam
Resident from Bridgeville

Jodi stated that her daughter recently lost her life to Mitochondrial Disease. They would like to have a walkathon on June 12, 2021 at 10:00am to help raise awareness and funds to support United Mitochondrial Disease Foundation.

Wells asked approximately how many people they are expecting.

Jodi replied around 40-50 people.

Fitzgerald suggested that this be coordinated with the Townships Parks and Recreation Directors to make sure there is no conflict with activities that may also be going on at the park.

Bob Shalamon
416 Orchard Spring Road

Shalamon asked if the Conditional Use Hearing needs to be advertised.

Vogel replied yes.

Shalamon asked why they need to be advertised.

Vogel said that it is a requirement by State Law.

Shalamon asked if the Conditional Use Hearing should be open to the public.

Vogel stated that it was open to the public.

Shalamon stated that he was not able to access the meeting.

Joe Muscatello
2021 Bond Issue

Muscatello stated that the bonds were sold today. All the bonds were sold within a couple of hours. The rating was confirmed at a double 'A' minus. Muscatello commented that Fitzgerald did an amazing job on the conference call which he feels helped keep the rating where it was at. Muscatello explained with the rating he was able to get lower interest rates. The Township borrowed \$13,495,000.00; \$12,750,000.00 towards the cost of the projects; and \$1,415,000.00 towards the cost of refunding the Capital One loan.

Castello asked when the Township will receive the money.

Muscatello replied, May 27, 2021.

Bill List

Motion to approve the Bill List and authorize payment of disbursements from the General Fund in the amount of: \$614,337.76.

Wells asked in reference to the Third-Party Code Enforcement Company when this bill will stop and when Mox will be going for his certification in Commercial Property.

Mox stated that the department is not ready to start the Commercial portion of things yet.

Wells said that the former Code Enforcement Officer was certified, and the Township did not have these extra expenses.

Mox stated that first the Township must hire someone, and they need to focus on cleaning up what was left behind. Mox did comment that the Township had an increase last year of about 50% in building permits. He advised that the Township has also recently enforced a stricter inspection policy.

Wells asked when Mox would be getting his certification for Commercial Property.

Mox stated that he has not even started working on the certification for commercial property. He is currently still working on Residential. Mox explained that there are different categories as far as installation, electrical, and mechanical.

Altman suggested moving forward with the vote for the Bill List. Altman stated that this item can be discussed further in executive session as this is a personnel issue.

Motion by Castello, second by Seibel to approve the Bill List and authorize payment of disbursements from the General Fund in the amount of: \$614,337.76.

Planning, Zoning and Code Enforcement

Motion to waive the demolition fees for the Lindsay Road Development Project. (Calabria).

Altman said that she believes the Township is waiting on pricing before deciding how to move forward.

Mox stated he sent the purchase price and demolition cost to the Board of Commissioners. The purchase price is \$918,000.00, with demolition fees of \$300,000.00, leaving a net amount of \$618,000.00. The estimated demolition cost would be \$31,369.50. Mox has requested clarification on the sale price from the developer but has not heard anything back at this time.

Castello asked Vogel if this is moved forward, how would this effect other developers.

Vogel said that the Township would have to be aware that if they move forward with waiving the fees for this developer others will want the same privileges.

Sedlak commented that no one from the church is here requesting that these fees be waived by the Township. Why should the Board of Commissioners approve this when the request doesn't even seem to be coming from the church.

Motion by Castello, second by Meyers to table the motion to waive the demolition fees for the Lindsay Road Development Project. (Calabria).

Public Comments on Items Not Listed on the Agenda

Bob Shalamon
416 Orchard Spring Road

Shalamon asked if there was a policy in place for the COVID vaccination.

Fitzgerald replied, the Township recommends all employees get vaccinated. 90% of the Townships employees have participated and have become vaccinated.

Shalamon asked if any of the Board of Commissioners saw the speed humps located in Mt. Lebanon. They have two permanent speed humps that have been placed there for years, maybe they have a written policy as to the requirements needed to install a permanent hump.

Shalamon also addressed his concern with the library still not being open to the public.

Sedlak advised that the library should have opened their doors earlier in April.

Altman stated that she was under the impression that the library was re-opened by appointment only, but she will look into this and get back to Shalamon.

Commissioners Requests

Wateska asked if she can open a discussion in reference to putting a sign up in the Swallow Hill, Scrubgrass, and Raven Drive area to direct traffic to the hospital.

Altman said that the Board of Commissioners can put this on the next agenda for a discussion.

Castello said that the Board of Commissioners do not have to discuss this item, the Board can advise Fitzgerald to install the signs.

Sedlak asked if she can open a discussion in reference to the pickle ball courts throughout the Township parks.

Altman said that we would add it to the next agenda meeting.

Calabria stated that on September 22, 2021 Commissioner Castello made a motion to remove him as President of the Board. He feels that there were false accusations, and he has emails to support why he feels that these were false. Calabria has a letter from the Director of the Athletic Association cancelling the spring season, however in this letter it also stated that he is moving forward with the fall season. After one of the games, Calabria received numerous of phone calls regarding the restrooms not being opening. When Calabria received this information, he emailed the Township Manager asking if the restrooms should be opened, he did not direct for

the bathrooms to be opened. Calabria commented on the cancellation of meetings. Calabria has an email from the Director of Public Works stating that the meeting will be cancelled and another email from Commissioners Wateska stating that she was cancelling her meeting. Calabria wanted to bring this to the attention of the Commissioners and the public as he feels that these were false accusations.

Seibel mentioned that the Township will be having an E-Waste Event on Saturday, May 1, 2021, at Scott Park

Wells mentioned some concerns he has with the Township Newsletter. There are five (5) pages worth of Waste Management information, The Township has three (3) Fire Departments; however, one Fire Department has a full page of information, there is a full page on swim lessons when the Township is not provided swim lessons this season, the back page identifies opening day for the pool as May 1, 2021; how is the pool going to be ready to open on May 1, 2021.

Altman gave her apologies to Wells for not being able to put his article in the newsletter this year.

Wells said that he wants an apology for providing a newsletter like this.

Altman said that she did not realize that Wells uses that article to promote him when he is running for Commissioner.

Wells said that he is not running this year, nor is anyone else in his ward running. He stated that he received ten (10) phone calls from residents stating that the newsletter is garbage.

Altman stated that she feels badly for something that Lisha worked so hard on.

Wells asked why five (5) pages were necessary for Waste Management information and asked why the Township spend taxpayer's money for something that is not correct.

Altman apologized for Wells thinking that this was personally directed towards him, and she confirmed that it was not.

Seibel asked if there was any way that the Commissioners could review the newsletter prior to it going out.

Altman thanked Mihalko for her work on the newsletter.
